It is named after Dom Pérignon, a Benedictine monk who was an important quality pioneer for Champagne wine but who, contrary to popular myths, did not discover the Champagne method for making sparkling wines. Dom Pérignon is always a vintage champagne, meaning that all grapes used to make the wine were harvested in the same year. The wine is not made in weak years, i.e. when the general quality of the harvest is considered to be too low. The earliest market release of a vintage is usually after 8-10 years.		250

87. FORGE CELLARS FINGER LAKES **RIESLING** New York State | USA — 80
A superb, bone dry and earthy Riesling from the Finger Lakes region of New York State. A small, artisanal winery set up by French winemaker Louis Barruol of Chateau Saint Cosme in the Rhone. A different style to Alsace, German or Antipodean versions; they keep the sugar levels right down so their wines can justly be described 'bone' dry. This is actually quite a weighty example and has lovely complex spice and earthy notes.

88. CHATEAU LA NERTHE CHATEAUNEUF-DU-PAPE **GRENACHE BLANC** Rhone | France — 97
Château la Nerthe is a stunning, 500-year-old property becoming 'one to watch' in recent years. Working organically since 1998, its 57 parcels on various soils and expositions produce a seamless, complex Châteauneuf-du-Pape. The care taken in both vineyard and cellar has resulted in seriously impressive wines. This property is, absolutely, a worthy rival to the likes of Château de Beaucastel.

94. CHATEAU DE FONBEL ST EMILION GRAND CRU **MERLOT, CARMENERE** 2016 Bordeaux | France — 87
This is proper, classic St Emilion with fresh red and black fruits on the palate, creamy and spiced, with light tannins behind and a fine savoury, saline kick on the finish. Château Fonbel's vineyards and cellars are run by the team from Château Ausone, St Emilion Premier Grand Cru Classé 'A' until they withdrew from the classification system in 2021. The same principles are followed in both properties, as indeed they are in another sister property, Château Moulin St Georges, and here, again, the main difference between the grand vin and the other properties is the proportion of new wood used in the blend.

Château Pichon-Longueville Baron, a leading Pauillac 2éme Cru Classé estate, is one of Bordeaux's most illustrious super seconds.
